OUR BUSINESS MEMBERSHIP

The KADE KEYO Business Member is a paid membership status open to all visitors and members of our business community. As a Business focused community, our drive is to help our members thrive as business professionals and the business membership offers deeper commitments than our free membership plan. Members who upgrade their status to the business membership category gain access to a host of uniquely designed business services provided by KADE KEYO such as listing in our deal room, accessing our cash injection support services, access to private events designed for business members and favourable discounts on a variety of solutions we provide.

The Business Membership at its core creates more connection between us and the member, allowing us provide leverages to them when they need it, connect them to more business leverages and opportunities to help them grow.
